

FOOD TRUCK TRAILER · HOT KITCHEN

Chef+ AIR 220

Built for those who serve it hot.

     5 shell colours

The complete kitchen, **cold storage** included.

Professional extraction hood, stainless steel worktops, automatic double sink and, above all, a real professional refrigerator built in under the worktop: 150 cm of cold storage, two doors, 0 to +5 °C. The Chef+ arrives equipped: all that is left is to install your cooking equipment. Fibreglass shell, non-slip floor, drawbar and axle. Delivered ready to serve, with its European Certificate of Conformity.

Why Food Truck Store.

Ready for EU registration.

Delivered with a European Certificate of Conformity, for registration in any EU country.

A car licence, and that is it.

750 kg gross weight: hook it up and go, no trailer licence needed.

Ready to serve.

Equipped and delivered ready to serve: plug in, install your equipment, open.

A person, not a call centre.

Food Truck Store, or our distributor for your country, answers you from quote to delivery.

What happens next, in three steps.

1 We get back to you.

An adviser who knows the product answers your request.

2 Your detailed quote.

Format, colour, options, delivery to your country: everything is priced.

3 Delivery.

Your trailer arrives ready to serve; the delivery time is confirmed with your quote.
