

FOOD TRUCK TRAILER · ANY CONCEPT

Essentiel AIR 220

Adaptable to every concept.

     5 shell colours

The equipped base, **shaped around your menu.**

Wide stainless steel worktops, automatic double sink, wall shelf and under-counter storage: the Essentiel is the equipped base you shape around your menu. Two spaces are provided on either side of the sink for your fridges or freezers (not supplied): you choose the cold storage that suits your menu. Fibreglass shell, non-slip floor, drawbar and axle. 230 V pre-wired, delivered ready to serve with its European Certificate of Conformity.

Why Food Truck Store.

Ready for EU registration.

Delivered with a European Certificate of Conformity, for registration in any EU country.

A car licence, and that is it.

750 kg gross weight: hook it up and go, no trailer licence needed.

Ready to serve.

Equipped and delivered ready to serve: plug in, install your equipment, open.

A person, not a call centre.

Food Truck Store, or our distributor for your country, answers you from quote to delivery.

What happens next, in three steps.

1 We get back to you.

An adviser who knows the product answers your request.

2 Your detailed quote.

Format, colour, options, delivery to your country: everything is priced.

3 Delivery.

Your trailer arrives ready to serve; the delivery time is confirmed with your quote.
