Why Food Truck Store.

Ready for EU registration.

Delivered with a European Certificate of Conformity, for registration in any EU country.

A car licence, and that is it.

750 kg gross weight: hook it up and go, no trailer licence needed.

Ready to serve.

Equipped and delivered ready to serve: plug in, install your equipment, open.

A person, not a call centre.

Food Truck Store, or our distributor for your country, answers you from quote to delivery.

What happens next, in three steps.

1 We get back to you.
An adviser who knows the product answers your request.

2 Your detailed quote.
Format, colour, options, delivery to your country: everything is priced.

3 Delivery.
Your trailer arrives ready to serve; the delivery time is confirmed with your quote.
